

# 5th SEQT Medicinal Chemistry Summer School

"Medicinal Chemistry in Drug Discovery: the Pharma Perspective"

June 14-16, 2016 - Almirall R&D Center  
Sant Feliu de Llobregat, Barcelona, Spain

## SCIENTIFIC PROGRAM

Tuesday, June 14th	
12:30 - 13:15	Registration
13:15 - 13:30	Opening
13:30 - 14:20	Lecture: Tools to Plan and Manage Drug Discovery Projects (Albert Palomer, ABAC Therapeutics)
14:20 - 15:15	Lunch (Canteen)
15:15 - 16:45	Workshop: Too Fit to Quit: reducing attrition through optimization of physicochemical properties (Maria Marco-Martin, GSK)
16:45 - 17:00	Coffee Break
17:00 - 18:30	Flash Poster Session
18:30	Transfer to Hotel Holiday Inn Express Molins de Rei
20:00 - 21:30	Posters - Standing Dinner

<b>Wednesday, June 15th</b>	
08:45	Transfer to R&D Center
09:00 - 10:30	Workshop: Basic (Mis)conceptions in ADME (Peter Eichhorn, Almirall)
10:30 - 11:30	Plenary Lecture: Modern chemical methodologies for modified peptides. New avenues for therapeutics? (Rodolfo Lavilla, Universitat de Barcelona)
11:30 - 11:50	Coffee Break
11:50 - 13:20	Workshop: Application of computational methods in drug design: a case study (Victor Segarra and Estrella Lozoya, Almirall)
13:20 - 14:10	Lecture: The Role of Chemistry in Pharmaceutical Development (Antoni Torrens, Esteve)
14:15 - 15:15	Lunch (Canteen)
15:15 - 16:15	Lecture: The Emerging Utility of Co-Crystals in Drug Discovery and Development (Llorenç Rafecas, Enantia)
16:15	Announcement of Selected Posters
16:30	Transfer to Hotel
20:30	Summer School Dinner

<b>Thursday, June 16th</b>	
09:15	Transfer to R&D Center
09:30 - 11:00	Workshop: New Technologies in Organic Chemistry and Their Application to Medicinal Chemistry (Jesús Alcazar, Janssen-Cilag)
11:00 - 11:20	Coffee Break
11:20 - 12:45	Selected Oral Communications
12:45 - 14:15	Tour to Almirall R&D Centre
14:15 - 15:00	Lunch (Canteen)
15:00 - 15:15	Closing Remarks
	End of the School
